RONJA

the Robber's Daughter

Ronja the Robber's Daughter

The feature length Director's cut.

Directed by Goro Miyazaki

The magic visual style of Studio Ghibli blends with the storytelling power of Astrid Lindgren to create an unforgettable experience. Based on Astrid Lindgren's last novel 'Ronja, the Robber's Daughter', with over 10 million copies sold in 50 languages since 1981 and relaunched in 2016 with new and exclusively hand-drawn illustrations.

'*Ronja, the Robber's Daughter*' is the epic story of a ten-year-old girl born on a stormy night in a mountain fort, surrounded by her parents and a loving band of robbers. She grows to be a strong and active girl, and discovers that the forest around her is both a beautiful and frightening place inhabited by strange creatures. She befriends the son of her father's rival and so begins the drama of her friendship and family loyalties. We watch as she explores and understands these key factors in her life, and discovers that seemingly irresolvable choices can finally be made with the help of love and understanding.
